

CARDINAL CONNECTION

GREAT START!

- PBIS
 - I so enjoy the PBIS training that happens at the beginning of every year - when our junior high kids help our younger kids learn expectations for various areas of the building.
 - The kids also loved celebrating their hard work at the Hamilton Pool - thanks so much for everyone who helped make that happen!
- Thanks so much for your partnership at home to help with the transition back to school.
- Summer Reading Challenge - those students who turned in a summer reading log will be receiving their prizes and a cookout coming up this month!
