This paragraph (item #4) applies only when a school administrator or teacher receives a report that bullying through this means has occurred; it does not require staff members to monitor any non-school-related activity, function, or program.

2. Bullying is contrary to State law and the policy of this District. However, nothing in the District's bullying prevention and response plan is intended to infringe upon any right to exercise free expression or the free exercise of religion or religiously based views protected under the First Amendment to the U.S. Constitution or under Section 3 of Article I of the Illinois Constitution.
3. Students are encouraged to immediately report bullying. A report may be made orally or in writing to the Nondiscrimination Coordinator, Title IX Coordinator, Building Principal, Assistant Building Principal, Dean of Students, a Complaint Manager, or any staff member with whom the student is comfortable speaking. 5. The Superintendent or designee shall promptly investigate and address reports of bullying, by, among other things:
  - a. Making all reasonable efforts to complete the investigation within 10 school days after the date the report of a bullying incident was received and taking into consideration additional relevant information received during the course of the investigation about the reported bullying incident.
  - b. Involving appropriate school support personnel and other staff persons with knowledge, experience, and training on bullying prevention, as deemed appropriate, in the investigation process.
  - c. Notifying the Building Principal or school administrator or designee of the reported incident of bullying as soon as possible after the report is received.
  - d. Consistent with federal and State laws and rules governing student privacy rights, providing parents/guardians of the students who are parties to the investigation information about the investigation and an opportunity to meet with the Building Principal or school administrator or his or her designee to discuss the investigation, the findings of the investigation, and the actions taken to address the reported incident of bullying.

The Superintendent or designee shall investigate whether a reported incident of bullying is within the permissible scope of the District's jurisdiction and shall require that the District

provide the victim with information regarding services that are available within the District and community, such as counseling, support services, and other programs.

6. The Superintendent or designee shall use interventions to address bullying, that may include, but are not limited to, school social work services, restorative measures, social-emotional skill building, counseling, school psychological services, and community-based services.
7. A reprisal or retaliation against any person who reports an act of bullying **is prohibited**. Any person's act of reprisal or retaliation will be subject to disciplinary action, up to and including discharge with regard to employees, or suspension and/or expulsion with regard to students.
8. A student will not be punished for reporting bullying or supplying information, even if the District's investigation concludes that no bullying occurred. However, a person who is found to have falsely accused another of bullying, as a means of retaliation, as a means of bullying, or provided false information will be treated as either: (a) *bullying*, (b) student discipline up to and including suspension and/or expulsion, and/or (c) both (a) and (b) for purposes of determining any consequences or other appropriate remedial actions.
9. The District's bullying prevention and response plan is based on the engagement of a range of school stakeholders, including students and parents/guardians.
10. The Superintendent or designee shall post this policy on the District's publicly accessible website, if any, and include it in the student handbook, and, where applicable, post it where other policies, rules, and standards of conduct are currently posted. The policy must be distributed annually to parents/guardians, students, and school personnel (including new employees when hired), and must also be provided periodically throughout the school year to students and faculty.
11. Pursuant to State law and Board policy 2:240, *Board Policy Development*, the Board monitors this policy every two years by conducting a review and re-evaluation of this policy to make any necessary and appropriate revisions. The Superintendent or designee shall assist the Board with its re-evaluation and assessment of this policy's outcomes and effectiveness. Updates to this policy will reflect any necessary and appropriate revisions. This process shall include, without limitation:
  - a. The frequency of victimization;
  - b. Student, staff, and family observations of safety at a school;
  - c. Identification of areas of a school where bullying occurs;
  - d. The types of bullying utilized; and
  - e. Bystander intervention or participation.

The evaluation process may use relevant data and information that the District already collects for other purposes. Acceptable documentation to satisfy the re-evaluated policy submission include one of the following:

- 1) An updated version of the policy with the amendment/modification date included in the reference portion of the policy;
- 2) If no revisions are deemed necessary, a copy of Board minutes indicating that the policy was re-evaluated and no changes were deemed to be necessary; or
- 3) A signed statement from the Board President indicating that the Board re-evaluated the policy and no changes to it were necessary.

The Superintendent or designee must post the information developed as a result of the policy re-evaluation on the District's website, or if a website is not available, the information must be provided to school administrators, Board members, school personnel, parents/guardians, and

students. Reviews and re-evaluations in years they are due must be submitted to ISBE by September 30.

12. The District's bullying prevention plan must be consistent with other Board policies.
13. The Superintendent or designee shall fully inform staff members of the District's goal to prevent students from engaging in bullying and the measures being used to accomplish it. This includes each of the following:
  - a. Communicating the District's expectation and State law requirement that teachers and other licensed employees maintain discipline.
  - b. Establishing the expectation that staff members: (1) intervene immediately to stop a bullying incident that they witness or immediately contact building security and/or law enforcement if the incident involves a weapon or other illegal activity, (2) report bullying, whether they witness it or not, to an administrator, and (3) inform the administration of locations on school grounds where additional supervision or monitoring may be needed to prevent bullying.
  - c. Where appropriate in the staff development program, providing strategies to staff members to effectively prevent bullying and intervene when it occurs.
  - d. Establishing a process for staff members to fulfill their obligation to report alleged acts of bullying.

## STUDENTS

### **7:190 Student Behavior**

The goals and objectives of this policy are to provide effective discipline practices that: (1) ensure the safety and dignity of students and staff; (2) maintain a positive, weapons-free, and drug-free learning environment; (3) keep school property and the property of others secure; (4) address the causes of a student's misbehavior and provide opportunities for all individuals involved in an incident to participate in its resolution; and (5) teach students positive behavioral skills to become independent, self-disciplined citizens in the school community and society.

#### When and Where Conduct Rules Apply

A student is subject to disciplinary action for engaging in *prohibited student conduct*, as described in the section with that name below, whenever the student's conduct is reasonably related to school or school activities, including, but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event; or
4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including, but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

#### Prohibited Student Conduct

The school administration is authorized to discipline students for gross disobedience or misconduct, including but not limited to:

1. Using, possessing, distributing, purchasing, or selling tobacco or nicotine materials, including without limitation, electronic cigarettes.
2. Using, possessing, distributing, purchasing, or selling alcoholic beverages. Students who are under the influence of an alcoholic beverage are not permitted to attend school or school functions and are treated as though they had alcohol in their possession.
3. Using, possessing, distributing, purchasing, selling, or offering for sale:
  - a. Any illegal drug or controlled substance, or cannabis (including medical cannabis, marijuana, and hashish).
  - b. Any anabolic steroid unless it is being administered in accordance with a physician's or licensed practitioner's prescription.
  - c. Any performance-enhancing substance on the Illinois High School Association's most current banned substance list unless administered in accordance with a physician's or licensed practitioner's prescription.
  - d. Any prescription drug when not prescribed for the student by a physician or licensed practitioner, or when used in a manner inconsistent with the prescription or prescribing physician's or licensed practitioner's instructions. The use or possession of medical cannabis, even by a student for whom medical cannabis has been prescribed, is prohibited.
  - e. Any inhalant, regardless of whether it contains an illegal drug or controlled substance: (a)

that a student believes is, or represents to be capable of, causing intoxication, hallucination, excitement, or dulling of the brain or nervous system; or (b) about which the student engaged in behavior that would lead a reasonable person to believe that the student intended the inhalant to cause intoxication, hallucination, excitement, or dulling of the brain or nervous system. The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.

- f. Any substance inhaled, injected, smoked, consumed, or otherwise ingested or absorbed with the intention of causing a physiological or psychological change in the body, including without limitation, pure caffeine in tablet or powdered form.
- g. *Look-alike* or counterfeit drugs, including a substance that is not prohibited by this policy, but one: (a) that a student believes to be, or represents to be, an illegal drug, controlled substance, or other substance that is prohibited by this policy; or (b) about which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug, controlled substance, or other substance that is prohibited by this policy.
- h. Drug paraphernalia, including devices that are or can be used to: (a) ingest, inhale, or inject cannabis or controlled substances into the body; and (b) grow, process, store, or conceal cannabis or controlled substances.

Students who are under the influence of any prohibited substance are not permitted to attend school or school functions and are treated as though they had the prohibited substance, as applicable, in their possession.

- 4. Using, possessing, controlling, or transferring a *weapon* as that term is defined in the **Weapons** section of this policy, or violating the **Weapons** section of this policy.
- 5. Using or possessing an electronic paging device.
- 6. Using or possessing a cellular telephone, two-way radio, video recording device, and/or other telecommunication device, unless authorized and approved by the Building Principal.
- 7. *Sexting*, which, for purposes of this policy, is the act of creating, sending, sharing, viewing, receiving, or possessing sexually explicit messages, images, or videos electronically, regardless of whether they are authentic or computer-generated, through the use of a computer, electronic communication device, or cellular phone. *Sexting* also includes creating, sending, sharing, viewing, receiving, or possessing *indecent visual depictions*, *non-consensual dissemination of private sexual images*, and *non-consensual dissemination of sexually explicit digitized depictions*, as defined in State law.
- 8. Using or possessing a laser pointer unless under a staff member's direct supervision and in the context of instruction.
- 9. Disobeying rules of student conduct or directives from staff members or school officials. Examples of disobeying staff directives include refusing a District staff member's request to stop, present school identification, or submit to a search.
- 10. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, altering report cards, and using a writing service and/or generative artificial intelligence technology in place of original work unless specifically authorized by staff, wrongfully obtaining test copies or scores.
- 11. Engaging in hazing or any kind of bullying or aggressive behavior that does physical or psychological harm to a staff person or another student, or urging other students to engage in such conduct. Prohibited conduct specifically includes, without limitation, any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, hazing, bullying, bullying using a school

computer or a school computer network, or other comparable conduct.

12. Engaging in any sexual activity, including without limitation, offensive touching, sexual harassment, indecent exposure (including mooning), and sexual assault. This does not include the non-disruptive: (a) expression of gender or sexual orientation or preference, or (b) display of affection during non-instructional time.
13. Teen dating violence, as described in Board policy 7:185, *Teen Dating Violence Prohibited*.
14. Causing or attempting to cause damage to, or stealing or attempting to steal, school property or another person's personal property.
15. Entering school property or a school facility without proper authorization.
16. In the absence of a reasonable belief that an emergency exists, calling emergency responders (such as calling 911); signaling or setting off alarms or signals indicating the presence of an emergency; or indicating the presence of a bomb or explosive device on school grounds, school bus, or at any school activity.
17. Being absent without a recognized excuse; State law and School Board policy regarding truancy control will be used with chronic and habitual truants.
18. Being involved with any public school fraternity, sorority, or secret society, by: (a) being a member; (b) promising to join; (c) pledging to become a member; or (d) soliciting any other person to join, promise to join, or be pledged to become a member.
19. Being involved in gangs or gang-related activities, including displaying gang symbols or paraphernalia.
20. Violating any criminal law, including but not limited to, assault, battery, arson, theft, gambling, eavesdropping, vandalism, and hazing.
21. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.
22. Operating an unmanned aircraft system (UAS) or drone for any purpose on school grounds or at any school event unless granted permission by the Superintendent or designee.
23. Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

For purposes of this policy, the term *possession* includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student's person; (b) contained in another item belonging to, or under the control of, the student, such as in the student's clothing, backpack, or automobile; (c) in a school's student locker, desk, or other school property; or (d) at any location on school property or at a school-sponsored event.

Efforts, including the use of positive interventions and supports, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. The Superintendent or designee shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident. The failure to provide such notification does not limit the Board's authority to impose discipline, including suspension or expulsion, for such behavior.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student's parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

### Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following:

1. Notifying parent(s)/guardian(s).
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen, or damaged property.
6. In-school suspension. The Building Principal or designee shall ensure that the student is properly supervised.
7. After-school study or Saturday study provided the student's parent/guardian has been notified. If transportation arrangements cannot be agreed upon, an alternative disciplinary measure must be used. The student must be supervised by the detaining teacher or the Building Principal or designee.
8. Community service with local public and nonprofit agencies that enhances community efforts to meet human, educational, environmental, or public safety needs. The District will not provide transportation. School administration shall use this option only as an alternative to another disciplinary measure, giving the student and/or parent/guardian the choice.
9. Seizure of contraband; confiscation and temporary retention of personal property that was used to violate this policy or school disciplinary rules.
10. Suspension of bus riding privileges in accordance with Board policy 7:220, *Bus Conduct*.
11. Out-of-school suspension from school and all school activities in accordance with Board policy 7:200, *Suspension Procedures*. A student who has been suspended shall also be restricted from being on school grounds and at school activities.
12. Expulsion from school and all school activities for a definite time period not to exceed two calendar years in accordance with Board policy 7:210, *Expulsion Procedures*. A student who has been expelled shall also be restricted from being on school grounds and at school activities.
13. Transfer to an alternative program if the student is expelled or otherwise qualifies for the transfer under State law. The transfer shall be in the manner provided in Article 13A or 13B of the School Code.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, including but not limited to, illegal drugs (controlled substances), *look-alikes*, alcohol, or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension and expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the

disruption is a suspension or expulsion. Students enrolled in the District's State-funded preschool program(s) may be temporarily removed or transitioned to a new program in accordance with federal and State law. State law prohibits the expulsion of students from the program(s).

Corporal punishment is prohibited in all circumstances. *Corporal punishment* is defined as a discipline method in which a person deliberately inflicts pain upon a student in response to the student's unacceptable behavior or inappropriate language, with an aim to halt an offense, prevent its recurrence, or set an example for others. It includes slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as permitted by 105 ILCS 5/10-20.33.

#### Isolated Time Out, Time Out, and Physical Restraint

The district prohibits the use of isolated time out, time out, and physical restraint, as defined in 105 ILCS 5/10-20.33.

#### Weapons

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of at least one calendar year but not more than two calendar years:

1. A firearm, meaning any gun, rifle, shotgun, or weapon as defined by Section 921 of Title 18 of the United States Code (18 U.S.C. § 921), firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act (430 ILCS 65/), or firearm as defined in Section 24-1 of the Criminal Code of 2012 (720 ILCS 5/24-1).
2. A knife, brass knuckles, or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including *look-alikes* of any firearm as defined above.

The expulsion requirement under either paragraph one or two above may be modified by the Superintendent, and the Superintendent's determination may be modified by the Board on a case-by-case basis. The Superintendent or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theatre, cooking, ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm.

This policy's prohibitions concerning weapons apply regardless of whether: (1) a student is licensed to carry a concealed firearm, or (2) the Board permits visitors, who are licensed to carry a concealed firearm, to store a firearm in a locked vehicle in a school parking area.

#### Re-Engagement of Returning Students

The Superintendent or designee shall maintain a process to facilitate the re-engagement of students who are returning from an out-of-school suspension, expulsion, or an alternative school setting. The goal of re-engagement shall be to support the student's ability to be successful in school following a period of exclusionary discipline and shall include the opportunity for students who have been suspended to complete or make up work for equivalent academic credit.

#### Required Notices

A school staff member shall immediately notify the office of the Building Principal in the event that he or she: (1) observes any person in possession of a firearm on or around school grounds; however, such action may be delayed if immediate notice would endanger students under his or her

supervision, (2) observes or has reason to suspect that any person on school grounds is or was involved in a drug-related incident, or (3) observes a battery committed against any staff member or is subject to a battery. *School grounds* includes modes of transportation to school activities and any public way within 1000 feet of the school, as well as school property itself.

Upon receiving a report of (1), above, the Building Principal or designee shall immediately notify local law enforcement. In addition, upon receiving a report on any of the above (1)-(3), the Building Principal or designee shall notify the Superintendent or designee and any involved student's parent/guardian.

Upon receiving a report on any of the above (1)-(3), the Superintendent or designee shall immediately notify local law enforcement. The Superintendent or designee shall also report these incidents to ISBE through its web-based School Incident Reporting System as they occur during the year and no later than July 31 for the preceding school year.

### Delegation of Authority

Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment, or in-school suspension, that is appropriate and in accordance with the policies and rules on student discipline. Teachers, other licensed educational employees, and any other persons (whether or not a licensed employee) providing a related service for or with respect to a student, may only use reasonable force as permitted by 105 ILCS 5/10-20.33. Teachers may temporarily remove students from a classroom for disruptive behavior.

The Superintendent, Building Principal, Assistant Building Principal, or Dean of Students is authorized to impose the same disciplinary measures as teachers and may suspend students guilty of gross disobedience or misconduct from school (including all school functions) and from riding the school bus, up to 10 consecutive school days, provided the appropriate procedures are followed. The Board may suspend a student from riding the bus in excess of 10 school days for safety reasons.

### Student Handbook

The Superintendent, with input from the parent-teacher advisory committee, shall prepare disciplinary rules implementing the District's disciplinary policies. These disciplinary rules shall be presented annually to the Board for its review and approval.

A student handbook, including the District disciplinary policies and rules, shall be distributed to the students' parents/guardians within 15 days of the beginning of the school year or a student's enrollment.
